

# A 2711

---

## Brief Description:

Allows physicians to jointly negotiate with carriers over contractual terms and conditions.

**Sponsored by Assemblypersons: J.Bramnick (R-Essex, Morris, Somerset, Union), A.Handlin and Rible (R-Middlesex-Monmouth)**

## Reasons to Support:

- May increase carrier network and accessibility.

## Reasons to Oppose:

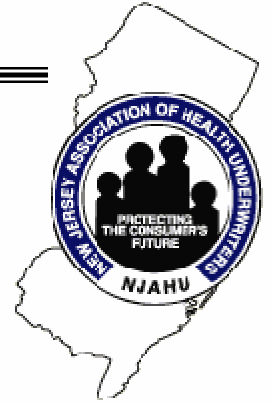

- This bill may force carriers to include providers at higher payment rates.
- The more we force carriers, the less carrier options will remain in the state of NJ.
- This bill may result in fewer providers because the carriers may not be able to afford the jointly negotiated rates.

## NJAHU Position:

**Oppose**

## Status

Introduced 5/13/2010. Referred to Assembly Health and Senior Services Committee.
